USING XCIPTV

- 1. Download XCIPTV from the Playstore.
- 2. Open the app.
- 3. Choose Xtream Codes API.
- 4. Enter the username, password and API URL received by email.
- 5. Enjoy.

USING IPTV SMARTERS PRO

1. We will first install the Downloader app

This app will help you sideload IPTV Smarters (because browser downloads are not allowed)

2. Click the **Find > Search** option on the home screen of FireStick

3. Type the name of the app (which is *Downloader*)

Click the Downloader option when it is displayed in the search results

Choose the Downloader icon on the following screen and download and install the app

- 4. Get back to the home screen of FireStick after installing the Downloader app
- In the menu bar, click Settings

(Learn More	He nes 9ry+				I Washington B. V. B.

6. When the following set of options are displayed on the next screen, click **Developer**

Options

	MY FIRE TV	
	About	
	Developer options	Enable ADB connections over the network.
	Legal & Compliance	
My Fire TV	Sleep	
	Restart	
	Reset to Factory Defaults	

7. Click Install from unknown apps

8. Click Downloader to change the status to ON

	INSTALL UNKNOWN APPS	
	OFF Downloader	Allow Downloader to install
	hulu OFF	other applications that are not from Appstore. Turn this option ON only if you install apps from reliable sources as a developer.
My Fire TV	Silk Browser	

With this, you have configured the FireStick settings to allow the installation of IPTV Smarters and other third-party apps. Follow the steps below:

9. You may now open the **Downloader** app

When you run this app for the first time, a set of prompts will appear. Dismiss them until you see the following screen

On this screen, you need to click the URL textbox on the right side (make sure *Home* option in the left menu is selected) where it says *'http://'*

Home	Downloader	by ŎAFTVnews.	com					
Browser	Enter a URL or Search Term:							
Files	Ex: "AFTVnews.com" or "Fire TV News" (Navigate here and press Select [*])							
Fougriton	Go							
Favorites								
Settings	Please consider supporting this app via these in-app purchase donation buttons: (You'll be given the option to use currency or Amazon Coins)

11. Give it a minute or two until the IPTV Smarter is downloaded onto your FireStick device

Browser	Enter the URL of the website you want to load or the	file you want to download:
	Download	
	File download progress: 13.4 MB/83.6 MB	as their go-to
	Cancel	e donation buttons:

12. When the download has completed, the Downloader app will run the APK file and the installation will start

Click Install

- **13.** Wait for the installation to finish
- **14.** Installation is concluded with the **App installed** notification

You may now choose to click OPEN and get started with IPTV Smarters

14. Now all you need to do is log in using the xtream code we sent you.

USING TIVIMATE IPTV PLAYER

- 1. Go to Play store
- 2. Search for Tivimate IPTV Player and download it.
- 3. Open the app
- 4. Click on Add playlist
- Insert your IPTV subscription URL (will be sent to your email) inside the Playlist URL section
- 6. Click on Okay and wait for the Channels to load.
